

## Day 03 Task Details

### Abstract:

Practice the new topics that we learned today and do some search to solve this task. 😊

### Specifications:

```
<div class="container">
  <div class="bgColor">
    <p>Hi Tahaluf Trainees</p>
  </div>
  <div class="bgColor">
    <p>We are happy to have you</p>
  </div>
  <div class="bgColor">
    <p>You are our future developers</p>
  </div>
</div>
```

- ✚ Change the text color of all `<p>` elements in the document to **darkblue**.
- ✚ Change the background color of all elements with `class="bgColor"` to your favorite color.

### Proposed methodologies:

Using HTML, CSS and JS.
